EMPLOYMENT HISTORY

2008 – Film Editor and Post Supervisor – Japan

Sony Pictures Japanese Feature Film 'Rainfall' starring Gary Oldman to be released in Japan in April 2009 on more than 200 cinema screens.

2004 – 2007 – Senior Editor, Cutting Edge Post - Sydney and Brisbane.

Editing Television commercials and music videos for some of Australia's top directors. Also offered ongoing training and support for staff on Avid Systems and editshare network media storage. I was also head editor on Kevin Rudd's ALP Federal Election campaign for Singleton's Sydney, which involved the offline of many television commercials leading up to and throughout the 2007 campaign.

2002 – 2003 – Editor, Cutting Edge Post, Brisbane, Sydney, Darwin.

Editing Television commercials, documentaries, corporate videos and reality television programs. Brought in to do some specialty editing on Reality TV program 'Big Brother'. Based in Canberra for many months I also was lead online/offline editor during the Mark Latham Federal Election Campaign which involved the quick turn around cutting of over 100 commercials and tv programs. Performed ongoing training for staff on advanced usage of Avid Editing systems and Unity Media network support.

2000 – 2001 – Junior Editor/Videotape Supervisor, Cutting Edge Post, Brisbane.

Editing corporate videos, spec ads for new directors and television programs. Lead editor of over 50 episodes of coastal lifestyle program, 'Gold Coasting'. Training and management of staff in the videotapes department and avid support on Reality TV program 'I'm a celebrity, get me out of here!'
